MEMORANDUM FOR THE RECORD

FROM: Robert W. Gambino  
Director of Security

SUBJECT: News Media Contact with the Agency

On 22 June 1977 I reminded Herb Hetu, Assistant to the DCI for Public Affairs, of the need for an Office of Security representative to be present during discussions with news media representatives concerning news coverage of Agency buildings. I pointed out to Mr. Hetu that it was imperative that the Office of Security input be a part of initial discussions in order to insure formal agreement on security ground rules. Mr. Hetu assured me that he would invite an Office of Security representative as soon as talks proceeded beyond the informal stage.
